1. In accordance with the referent memorandum, the Directorate of Administration as a formal objective has been reviewing and updating the regulations for which it is responsible. Presently, the objective is approximately 85 percent completed, and I wish to express my sincere appreciation for your cooperation in this effort.

2. Although good progress has been made, there are regulations falling within your cognizance that are in need of updating. I have directed the Regulations Control Branch to forward a list of these regulations to the responsible officers in your components and to arrange with them a schedule for their updating. With your continued support, we can have all the regulations up to date by the end of Calendar Year 1978.
